MERIVA SUNSET

Look out across uninterrupted ocean vistas from
The Meriva Collection's highest viewpoint.

Perched at the top of the collection, Meriva Sunset is for those who feel most alive in the quiet glow of evening light. Where the sunrises and sunsets cast an ever-changing canvas that transforms from morning calm to radiant dusk. Elevated terraces, soft interior palettes, and thoughtfully composed spaces draw the outside in, allowing every moment to unfold with ease. This is a place where days feel lighter, evenings stay with you longer, and residents have a front-row seat to the beauty of the horizon.

MERIVA
GARDENS

Live a life soothed by nature, within lush gardens
and meandering waterways.

Meriva Gardens is a gentle retreat where greenery sets the rhythm of your days. Meandering paths guide you through shaded pockets, quiet seating alcoves, and flowing waterways that bring a sense of calm to every step. These tranquil homes are framed by soft landscaping and natural light, creating living spaces that feel grounded, refreshing, and deeply restorative. Mornings begin with birdsong, afternoons drift beneath leafy canopies, and evenings settle into a quiet, enveloping stillness.

MERIVA SHORES

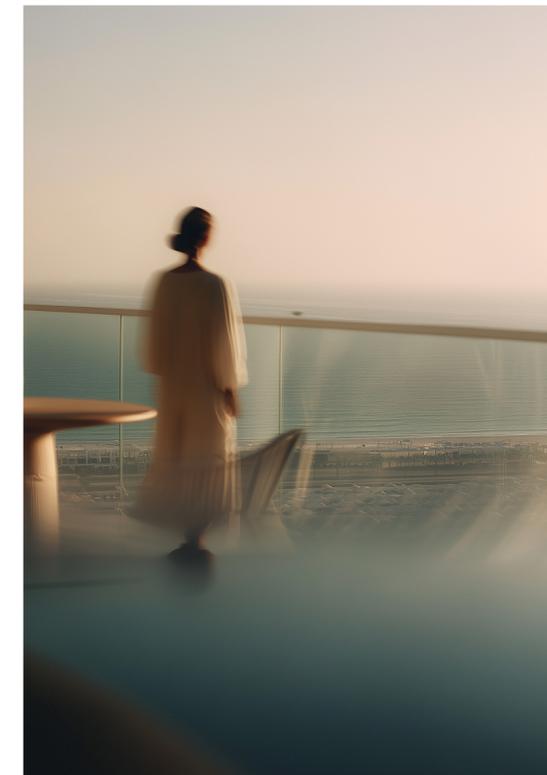

Begin every day in beachfront serenity, moments from the white sands and pristine waters.

Welcome to coastal living at its most natural. Where the beachfront becomes an extension of your home. Welcome the soft sea breeze through open terraces, and relish interiors shaped around natural textures. Whether it's a morning walk along the sands or a quiet evening by the water, residences at Meriva Shores bring you closer to the elements, inspiring clarity, calm, and a beautifully unhurried way of life.

Leave the city outside,
find serenity within

Buildings

The project is inspired by the seamless curves and organic flow of nature, integrating architecture and landscape into one continuous composition. Soft, flowing lines shape the masterplan, guiding movement and framing views. Buildings are carefully positioned to embrace the lagoon and maximize visual connections to water and greenery, while the landscape becomes the connective tissue of the development.
